Council Passes Ordinance to Buy Guilford Land

Traffic Regulations Under Discussion At Monday Night Session

City council, at its special meeting Tuesday night, passed the ordinance authorizing purchase of property for a city reservoir near Guilford Lake, part of the \$1,350,000 Cold Run project. The purchases will comprise a farm from Frank G. Strabala, a farm from Helen Hopton and property from Paul S. and May L. Denkou as a total cost of \$50,000. The several parcels provide 370.28 acres. The three purchases will provide for the reservoir's major basin. Two additional land purchases will provide 170 acres. An ordinance was approved to amend the salaries of city water department employees. Another ordinance authorized the transfer of \$500 from the parking fund to the police incidental fund for the painting of parking areas and installation of signs in conjunction with the new parking resolution.

Traffic Suggestions Received

An ordinance to extend Sharp st. 67 1/2 feet south of Arch st. was given a second reading. Another to sell the old police cruiser was read for the first time.

The July 4 meeting of council was postponed to July 18 unless a special session is called.

The 13 recommendations drawn up to aid in the solution of the city's traffic problem by the Chamber of Commerce's seven-man traffic committee were presented to council by Attorney George Bowman, Jr.

Mr. Bowman reported that downtown business has been adversely affected by the traffic regulations.

"The first consideration is for the Salem people and not for through traffic," Mr. Bowman said.

Although the City Planning Commission, the Civic Committee and the Chamber of Commerce were notified of the resolution prior to passage by council, Mr. Bowman said none endorsed the proposal.

"We realize," Mr. Bowman said, "that the traffic resolution is only temporary, but we want a substitute measure to ease the restrictions on the businesses affected."

Action Considered Essential

Both Mayor Harry M. Vincent and Councilman Ned Massa said the resolution was approved without prejudice towards any individual or business, and that it was intended to be a step in attempting to solve traffic congestion for the good of the city.

Mr. Massa said council was faced with two alternatives in dealing with the knotty problem—either take parking off State st. or widen the street.

"The more parking allowed the more traffic that will be obstructed," Mr. Massa said.

Unless something is done, he added, the state will by-pass its routes and a minimum of traffic will enter the city.

"The resolution, formulated by the safety committee, was a compromise in this direction," Mr. Massa said.

Council was complimented by Turn to COUNCIL, Page 10

East Palestine Is Still A City

EAST PALESTINE, June 28—This Columbiana County community bounded back into the city classification today after a check of one ward showed April census enumerators missed 332 residents.

Mayor Paul Merwin said district census supervisor Sally Witten of Steubenville changed her preliminary report to give East Palestine a population of 5,189.

The initial report showed 4,857, which dropped it into the village class. City officials made a tentative check of the business district and found 225 who had not been counted and the census office tried again, giving the city a population of 66 over the 1940 figure of 5,123.

Congress Back Of President

Korea Action Given Support; No War Seen

WASHINGTON, June 28—(AP)—Senate Democratic Leader Lucas, in an expression of confidence that the U. S. and Russia are not going to war, said today that the goal of a July 31 adjournment of Congress still stands.

The Illinois senator talked over the situation with reporters, following general approval in Congress of President Truman's order for armed support of South Korea against invading communists.

Most Republicans and virtually all the Democrats made it clear they will support the President's bold move to stop communism's march in the Far Pacific by drawing an anti-Communist defense line—even at the calculated risk of war.

Lucas refused to predict that there will be any call on Congress for an increase in armed forces expenditures. He said:

"I don't want to say that we will need more money for the armed forces. I don't want to be in the position of saying we are going to have war—I don't think we are."

The backing that was given Mr. Truman's action last night by the Security Council of the United Nations tended to ease the minds of some lawmakers who have contended that the United States should act through the U. N.

Senator Connally (D-Tex) of the senate foreign relations committee said of the Korean situation:

"This is a severe test of the United Nations. It must not fail. Its life depends on its action. A firm and courageous stand by the United Nations will demonstrate its usefulness to the world and to humanity."

Republicans who gave their approval to Mr. Truman's new course in the Pacific included such influential senators as Bridges of New Hampshire, Millican of Colorado, Lodge of Massachusetts, Morse of Oregon, Knowland of California, Smith of New Jersey and Hickenlooper of Iowa.

Most of those who criticized the move, however, indicated that now the die has been cast they will go along. Senator Taft of Ohio suggested sending the navy to protect Formosa several months ago.

Truman Hopes U. S. Move Will Bring Peace

"Situation Serious," He Tells Reserve Officers Group

WASHINGTON, June 28—(AP)—President Truman said today he hopes the United States decision to challenge the onward march of communism will mean "peace in the world."

The President addressed the Reserve Officers Association whose members stood and cheered when he came before them at the Mayflower Hotel.

Smilingly acknowledging their demonstration, Mr. Truman then solemnly told them:

Terms Situation Serious

"We face a serious situation." He went on to say he hopes his decision would serve the cause of our country and a peaceful world.

Before Mr. Truman spoke, Secretary of Defense Louis Johnson described the Sunday night White House decision to send planes and warships to the aid of South Korea as "the finest hour in American history."

Johnson also told the Reserve association that the national defense is stronger than ever before in our peacetime history.

Carrying out Mr. Truman's momentous decision, American planes already were in action in Korea.

From this country, an increasing volume of war materials was pouring into Pacific pipelines to strengthen the front against communism all along the line drawn by the President against Communist aggression.

Now that American planes and warships are in combat action around Korea, arms have been urgently dispatched to Indo-China and the Philippines and Formosa is being screened by the U. S. Navy, the next major move in the grim contest over spreading Soviet communism was clearly up to the Kremlin.

Russia Holds Key

Administration officials agreed that as the situation now stands, following Mr. Truman's historic decision to support the United Nations and meet the Korean challenge head-on, the little group of powerful men who run Russia and its satellites holds the key to world war or peace.

Some discussion of the new American position in the Far East and its effects on the East-West struggle elsewhere in the world was also expected from Secretary of State Acheson.

There appeared to be no doubt among top officials that whatever the outcome of the present crisis they had done the right thing in deciding to go to the support of South Korea, once the U. N. security council had ordered the northern invaders out. They have long argued that the only way to stop aggression is to use force against force.

And while the President took a calculated risk of war with Russia in making the decision on Korea, advisers argued that any policy smacking of appeasement would have been even riskier by encouraging the Kremlin to count on American weakness not only in Korea but elsewhere.

U. S. Airmen Claim Six Russian Tanks

A SOUTHERN JAPAN AIRBASE, June 28—(AP)—American B-26 bomber crews returning from combat flights over South Korea reported tonight they had knocked out six heavy Russian tanks on one mission.

Two of the B-26's were reported to have crashed. The crew of one plane succeeded in bailing out.

The bomber crews said they ran into the machinegun fire on their low level bombing and strafing runs.

Communists Take Seoul; Korean Defenders Form Line 20 Miles To South

U. N. Calls For Show Of Force

Backs Up Cease-Fire Order In Korea

LAKE SUCCESS, June 28—(AP)—The United Nations embarked upon an historic venture today by calling upon its members to use military force to back up a cease-fire order defied by Communist North Korea.

The decision was taken late last night by the Russian-boycotted Security Council, a few hours after President Truman announced the United States already was ordering planes and ships to support the invaded Republic of (South) Korea.

The vote was 7 to 1, the minimum number of affirmative votes required. India and Egypt to be recorded as not participating because they had not received instructions. Yugoslavia cast the negative vote.

The council's action was momentous in several ways:

1—It gave its stamp of approval to Mr. Truman's bold plan of direct action to stop Communist aggression. This was the first time in its history that the council had authorized the military sanctions provided by the U. N. charter.

2—It was a clear warning to Russia, although Russia was not mentioned in the U. N. resolution, that the U. N. would not permit the seizure of countries by force.

3—It may have made the Russians angry enough that they will decide to make permanent their boycott which they started last Jan. 10 in protest over the presence of Chinese Nationalist delegates. The Russians have insisted they would not return until representatives of Red China are seated.

Moscow Papers Hit U. S. 'Aggression'

MOSCOW, June 28—(AP)—Pravda, in the first public Russian comment on the new United States policy in the Far Pacific, accused Americans today of "direct acts of aggression" against both Korea and Communist China, and asked: "Have they gone too far?"

The front page editorial in Pravda, official newspaper of the Communist party central committee, said President Truman's order dispatching ships and planes to Korea and Formosa was "further evidence that the American ruling circles no longer confine themselves to the preparations of aggression, but have gone over to direct acts of aggression."

"The American government, with its characteristic unceremoniousness as regards international law, is grossly trampling on the United Nations charter, acting as though the United Nations organization did not exist at all," the newspaper said.

News of President Truman's statement of Tuesday was handled in a routine fashion by the Moscow press and radio.

Approximately 1950 Americans and other nationals were scheduled to be evacuated from South Korea, many by General MacArthur's emergency airlift.

Senate Okay On Draft Seen

Speedy Approval Of Extension Forecast

WASHINGTON, June 28—(AP)—Senate leaders called today for a quick duplication of the overwhelming house approval of a one-year draft act extension giving President Truman power to order thousands of draftees and reserves to active duty.

A senate vote was agreed upon for 1 p. m. EST and Chairman Tydings (D-Md) of the senate armed services committee told a reporter, "I think it will be nearly unanimous."

President Truman's order to meet force with force in Korea hastened Congress' action on the draft.

Tydings and other senate leaders had hoped to push the important legislation through late Tuesday shortly after a thumping 315 to 4 vote of approval in the house.

Senator Kem (R-Mo) with some scattered Republican support protested against rushing Turn to SENATE, page 10

Yank Airmen Down 6 Planes

Americans Tell Of Fighting In Korea

By TOM LAMBERT
AN AMERICAN AIRBASE, Southern Japan, June 28—(Delayed)—(AP)—American jet and Mustang pilots have shot down at least six Russian-made North Korean aircraft in the last two days protecting and conveying transport planes evacuating Americans from Korea.

Officers here credit jet fighters with three North Korean aircraft and pilots of F-82 twin Mustangs with the others.

The first kill occurred June 26 when a Mustang pilot shot down a North Korean trying to strafe an American air transport.

The other five North Korean planes were shot down today.

This correspondent has seen evidence of destruction by an American jet fighter pilot of two Korean airplanes. The evidence was motion pictures taken by his gun cameras.

The pilot, 1st Lt. Bob Wayne, 24, of Garden City, New York, described his fight while standing along side his jet fighter whose gunports still were scorched and blackened.

Wayne, a crop haired grinning youngster, said the action occurred about 15 to 20 miles northeast of Kimpo airfield. His orders were "to get anything coming toward Kimpo."

At about 2:30 p. m. his flight sighted seven Yaks "heading straight for Kimpo" so he swung his jet fighter astern of the Yaks

Capital's Fall Is Confirmed; Port Given Up

BULLETIN
LONDON, June 28—(AP)—Prime Minister Attlee announced Britain has decided to place its naval forces in Japanese waters at the disposal of the United States to support American action in South Korea.

TOKYO, Thursday, June 29—(AP)—South Korea's army, scattered and chewed by big Russian-made tanks of the northern invaders, struggled today to form a new line a score of miles south of their fallen capital of Seoul.

Seoul and its airfield at Kimpo, 16 miles west, fell to the Communist invaders Wednesday after a see-saw struggle since the start of the Red onslaught Sunday.

Loss of Seoul and Kimpo and concession that Inchon, Seoul's port 20 miles west, was probably untenable, were confirmed by the United States Defense Department in Washington.

The Communists, betraying the completeness of their invasion preparations, quickly began broadcasting from Seoul, introduced Lee Sun Yup, defense minister of the northern regime, as the new mayor of Seoul.

In the broadcast, heard in Tokyo, Lee even ordered Seoul schools to reopen today.

Carrying out President Truman's orders for American air and naval support for the hard-pressed South Korean troops, the U. S. Far East Air Forces announced its jet fighters and light bombers effectively attacked North Korean positions northwest of Seoul Wednesday.

A summary said troop concentrations, truck convoys and railroad yards near Munan, 25 miles northwest of Seoul, were bombed. It said one American F-42 fighter and a B-26 light bomber were reported destroyed on the ground by strafing of the Russian-made North Korean planes.

U. S. Ground Troops Not In Action

United States ground troops are not being employed, but General MacArthur sent a signal corps unit to set up a field headquarters somewhere in South Korea today.

O. H. P. King, Associated Press correspondent, reported from Suwon, 20 miles south of Seoul, that the defense forces were trying to re-form just north of Suwon under Gen. Choi Byong Duk, South Korean chief of staff.

King said the southerners still were falling back in order, but that they had been badly mauled by the northern tanks.

(The U. S. Defense department identified these as 35-ton Russian-made T-34's, mounting 76 or 84-millimeter guns, and small 12-ton Russian-made T-70's.)

Suwon was jammed with civilians running away from the Reds approaching from the north. Korean army leaders tried to whip their badly chewed troops into a defense line around Suwon, King said.

There are still large numbers of South Korean units north of Seoul, he said, who have been virtually cut off and isolated by the sudden advance of the Communists.

Seoul was in panic as the northern troops approached. Every road overflowed with fleeing people, lugging bundles of whatever they could gather.

Bridges Blown To Slow Invaders

The southern troops, in their haste to slow up the Red advance, blew up bridges south of Seoul, cutting off many who would have escaped.

Three American correspondents, Burton Crane of the New York Times, Frank Gibney of Time magazine and Kayes Bunch of the Chicago Daily News, barely escaped with their lives when a bridge over the Han river was blown. Scores of dead and injured littered the bridge.

North Korean tanks spearheaded the advance on Seoul. The Reds later broadcast from the capital that an important announcement would be forthcoming shortly.

Pilots returning from American bombing attacks on the northern invaders said from all appearances the capital was in Red hands.

7 Persons Hurt In Road Mishaps

Sebring Bicyclist Suffers Broken Leg

Seven people were injured in four area highway accidents yesterday and this morning, Salem State patrol reported today.

Two Sebring men were hurt when the motor bike on which they were riding collided with the car driven by Russell Bower, 30 of Damascus at 11:30 p. m. Tuesday on Route 14, 1 1/2 miles north of Salem.

Jack Yoder, 20, driver of the bike, received lacerations and abrasions of the head and body. His passenger, Dale Main, 23, received a broken leg. They were taken to Central Clinic.

No one in the Bower car was injured. The left front and grill of the car and the front of the bike were damaged.

Auto Leaves Road

Jacob Mitchell, 62 of R. D. 1, Salem was taken to City Hospital following an accident at 7:20 p. m. Tuesday on Route 14, a half-mile north of Salem.

He received lacerations of the scalp and the ear when his car went out of control and off the right side of the road.

Three In Car Injured

At noon Tuesday on the Pettisburg-Garfield road, 1 1/2 miles west of Route 14, the car driven by Harlan McPeak, 30, of R. D. 1, Salem and the farm tractor operated by Emil Stanley, 47, of R. D. 1, Salem collided. Three in the McPeak car received injuries.

The driver has abrasions of the left leg. Cleo McPeak, 24, suffered abrasions of both legs and a back injury, and Daniel McPeak, 1 1/2, received a lacerated forehead. They were treated at City Hospital. Stanley was uninjured.

Patrolmen said the tractor was making a left turn as Mrs. McPeak was passing.

Loses Control Of Car

In an early morning accident today George Petrakos, 42, of Cleveland received possible fractures of the ribs, bruises and abrasions when his car went out of control at 4:40 a. m. on Route 62, 1 1/2 miles south of Canfield.

Patrolmen said the car swerved off the right side then swung over and off the left side of the road where it overturned. The auto was demolished.

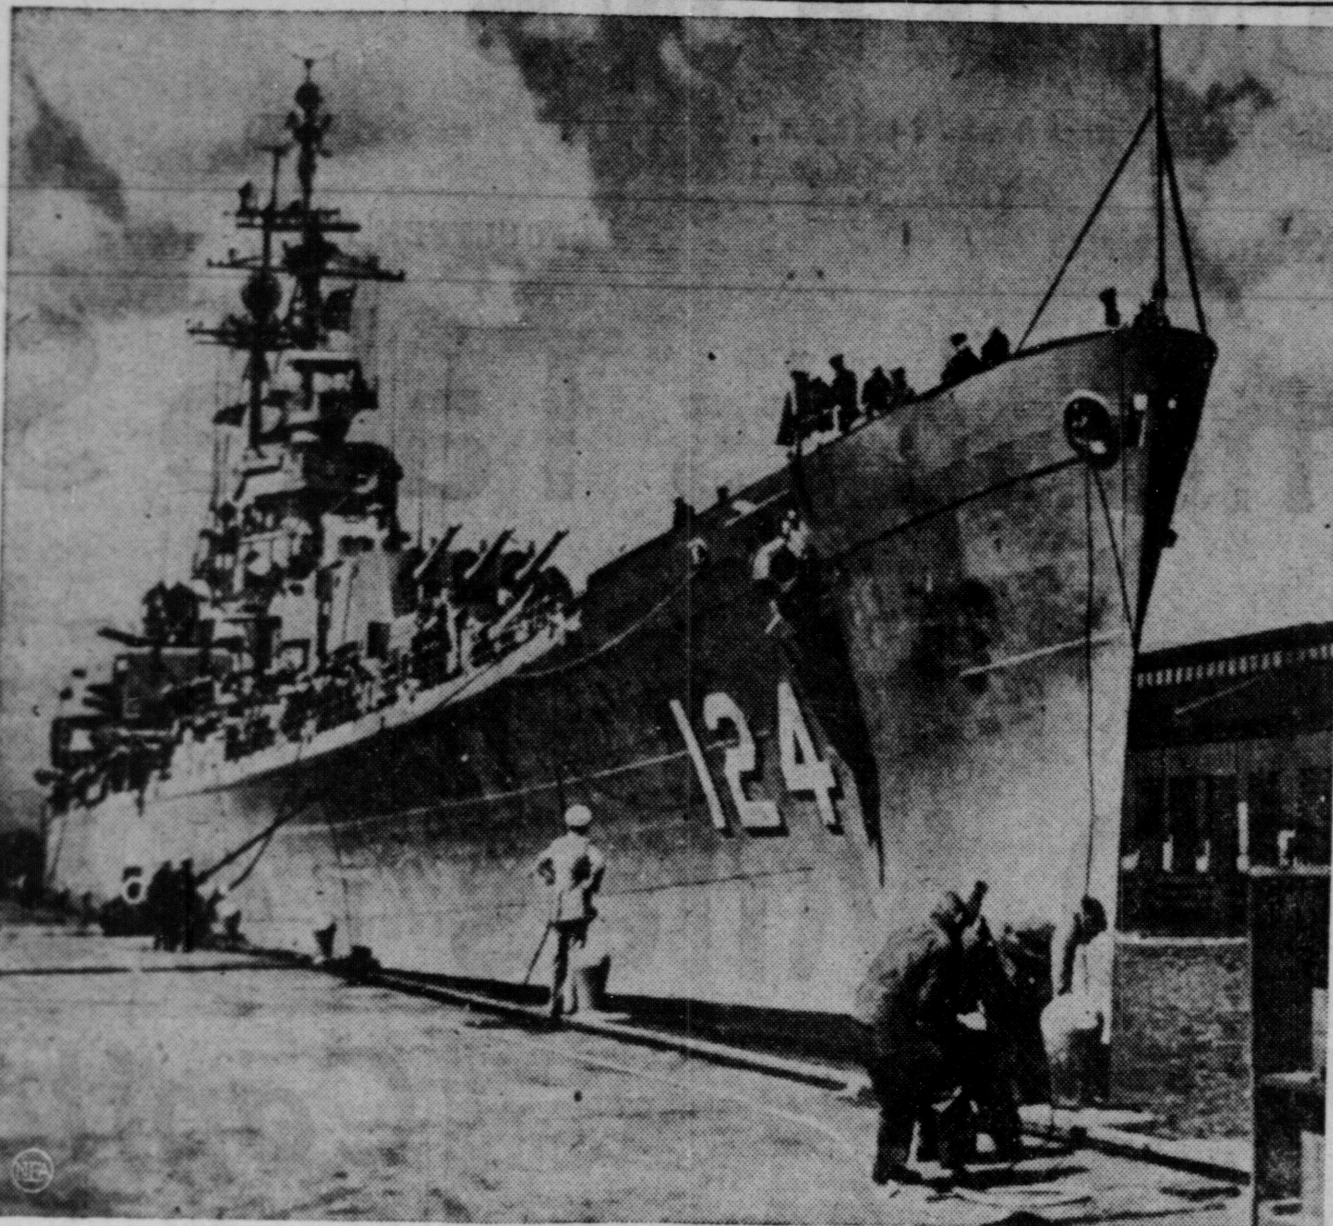

The injured man was taken to Youngstown South Side Hospital.

Sportsmen To Sponsor Meeting On Wildlife

LEETONIA, June 28 — The Leetonia Sportsmen's Club will sponsor a wildlife meeting July 25 at Midway Grange hall. More than 250 area sportsmen and farmers are expected to attend.

The purpose of the meeting, County Game Warden Lon Boring said, is to bring the farmers and sportsmen closer together for mutual understanding of each other's problems. He said the program is not yet completed but Charles Dambaugh and Lee Roach, both of Columbus, chief of the state Division of Wildlife, and assistant chief, respectively, will speak during the meeting.

Arranging the event, besides Boring, are Eldon Holt, president of the Leetonia group, and Ben Weingart, master of Midway Grange.

WILL PROTECT FORMOSA—Pictured above is the heavy cruiser U. S. S. Rochester, flagship of Vice Admiral Arthur D. Struble's Seventh Fleet which has been ordered by President Truman to defend Formosa against possible Red aggression. The Seventh Fleet, last reported south of Okinawa, includes the 27,000-ton medium aircraft carrier Valley Forge.

688 Evacuees From Korea Reach Tokyo

TOKYO, June 28 — (AP)—The Norwegian ship Reinhold, carrying 682 evacuees from Korea, and the army ship William Lester, with six aboard, arrived tonight in Japanese ports.

Among the Reinhold's passengers were several hospital cases and five expectant mothers. Army headquarters said only that the Reinhold had arrived at a southern Japanese port.

The William Lester, towing a large barge, the Jacona, with 22 evacuees aboard, pulled into Fukuoka, on the island of Kyushu.

The Japanese Maritime Safety Board (coast guard) announced earlier the Lester had sent out an SOS. The Lester arrived under her own power and there was no

indication of what caused her to send out a distress signal, if she did.

The Lester sailed from Pusan, on Korea's southeast coast, and the Reinhold from Incheon, about 16 miles southwest of Seoul.

Playground At Winona Popular

Festival Friday To Mark 1st Anniversary

IN CELEBRATION of the Winona Memorial Playground's first full year of activity, the playground committee will sponsor a fair and festival Friday evening on the grounds.

The Fairmount Children's Home band will present a concert. Concessions and refreshment stands will draw funds to enlarge the facilities and activities of the playground. The program will start at 5.

The playground was dedicated last year with ground donated by Mr. and Mrs. S. H. Bennett in memorial to their son, Glenn Bennett, who was killed in the recent war. Many Winona residents then donated equipment, funds and labor in the memory of five other boys who live in or near Winona and lost their lives during the war.

Sidewalks in and around the park provide roller skating surfaces. Four swings and three seesaws are kept in action during most of the afternoon and evening by Winona's younger generation.

A combination hard-surfaced basketball and tennis court is nearing completion.

The brick and stone fireplaces and tables are family gathering spots.

A wading pool was designed for small children. Each afternoon at least two mothers are present at the pool to supervise the play of tots who can splash in complete safety.

Funds from this fair will be used to complete the erection of lights around the park. More swings will be bought for small children.

The playground, covering almost an acre was financed and built by the people of the village. A board of directors is responsible for the maintenance of the grounds. On the board are: President, Gilmer Coffey; vice president, Francis Hall; secretary-treasurer, Mrs. C. L. Taylor, Raymond Cope, Harold Lloyd and Mrs. Willard Cope.

An attending physician said only one lived to breathe.

Ground Troops Action On U. S. Part Unlikely

WASHINGTON, June 28 — (AP) — Secretary of Defense Johnson said today the United States moves in the Pacific situation do not commit this country to sending any land troops into action.

"Will any mobilization or partial mobilization be required in the United States?" a reporter asked when Johnson left a White House conference.

"At the moment, no," Johnson replied.

Lustron Truck Deal Probed

Manipulations Under Senate Scrutiny

WASHINGTON, June 28—(AP)—Did Lustron Corp. actually receive 40 tractors which it rented for \$44,000 a month for 11 months to haul its prefabricated steel houses?

A Senate banking subcommittee tried today for the second straight day to find out.

Three former employees of Lustron said yesterday they didn't know.

And a government investigator said he felt sure Lustron was "fraudulently overbilled" for the 40 tractors.

Paul J. Cotter, chief of the investigation division of the Reconstruction Finance Corp. told the subcommittee Lustron contracted with Commercial Home Equipment Corp. of Chicago in 1948 to rent 200 tractors.

Forty of these were never received, even though rent on them totalling about \$500,000, was paid, Cotter declared.

George J. Burley, former Lustron director of transportation and supplies, said regardless of how many tractors Lustron received it never used more than 50 or 60. The rest, he asserted, were set up on blocks at the company's plant in Columbus, O.

Cotter told the subcommittee that Paul O. Buckley, a director of Lustron, was one of the "principals" of the Commercial Home form. He identified John and James Gootlieb, operators of a Chicago trucking business, as other "principals."

"The conclusion would appear to be inescapable that there was a fraudulent over-billing of Lustron by Commercial Home in excess of \$500,000," the RFC investigator testified.

The Mature Parent:7

'Nagging' Parents Pass Buck to Child

By HAROLD F. STRONG

AN apparently harmless habit, continual "nagging" of children, can erode and destroy their respect and affection for parents.

Boys of the Village voted "nagging" the most objectionable trait of parents.

There is no point in deluding ourselves. A "nagging" father or mother is hard to live with.

He is hard to live with because he is refusing to shoulder an adult responsibility.

Unpleasant as it is to face, a "nagging" parent is one who places the responsibility of seeing his orders obeyed upon his child, instead of assuming the obligation himself.

That is why children resent it. They know we have passed them the buck.

It is unfair. Parents whose youngsters criticize them for this habit some-

times find it helpful to take their children into their confidence. Usually, they will readily recognize our right to respect the humiliating role of the "nagger."

If we defend our position as we should, we will generally find them pretty co-operative in working out a new understanding of our obligation to see that orders are obeyed.

"Nagging" refuses children the security of knowing we mean what we say.

Our approval is children's greatest satisfaction. "Nagging" is harmful because it sustains constant conflict and disapproval between us and our youngsters.

We have no right to deprive them of our approval because we ourselves, through fear, disinterest or apathy, refuse to take responsibility.

Tomorrow: You're a bad parent if you never make mistakes.

18 U. S. Warships In Far Pacific

WASHINGTON, June 28—(AP)—The United States has 500-plus air force planes and 18 warships in the Far Pacific. U. S. military manpower there totals 123,500.

Defense Department officials supplied the figures today.

The Air Force says it has six fighter groups, one medium bomber group and two light bomber squadrons ready for action.

The fighters include five day fighter groups equipped with 75 planes each, including F-80 shooting star jet fighters and F-51 Mustang piston engine fighters.

Imports Hurt Pottery Industry, Hays Says

WASHINGTON, June 28—(AP)—Representative Wayne L. Hays (D-O) testified before the House labor subcommittee Monday that

the pottery industry has been hard hit by imported products.

The subcommittee is studying the effects of imports on employment.

Among other witnesses was L. P. Reese, owner of the Scio Pottery Co. at Scio, O. He testified that "big chain stores are now buying" chinaware in Japan.

Brannan Holds Up On Wheat Limitation

WASHINGTON, June 28—(AP)—The Department of Agriculture has decided against proposing marketing quotas on next year's wheat crop.

Secretary Brannan announced yesterday that present supplies of the grain, while large, are not quite big enough to warrant marketing controls. This year's crop has been forecast at about one-fifth smaller than last year's.

Quotas, which have to be approved by at least two-thirds of the growers voting in national referendum, were last applied in 1942.

Red Cross Offers To Mediate In Korea

GENEVA, Switzerland, June 28 — (AP) — The International committee of the Red Cross has offered to mediate in the Korean conflict.

The committee sent a cable yesterday to both the Northern and Southern governments, referring to provisions of the Geneva conventions for the protection of war victims when conflicts are

not international in character.

It is provided that the international humanitarian organization may offer its services to the parties in a conflict.

Neither government of Korea is signatory to conventions signed here last fall, but the committee urged application of humanitarian principles to protect war victims.

U. S. Takes Stand In Asia

WITHIN a few hours on Tuesday a tremendous change occurred in the United States. In the days ahead it will affect the world. The United States belatedly took a stand in Asia.

Americans now have adjusted their minds to a new fact—that their government had made a decision to resist by direct means Russian-backed aggression on the Asiatic peninsula of Korea, against the Pacific island of Formosa and in Indo-China.

The decision means military encounter with agents of the Kremlin. Unlike the decision to resist the Kremlin in Greece and Turkey in 1947 (the Truman doctrine) this one entails the use of U.S. arms by U.S. personnel. The Truman doctrine entailed only the advancement of material aid to foreign nations threatened by Communist forces.

The decision means the cold war has turned hot in the area which many observers believe is the potential battleground for a war between Russia and the United States: if that is what Russia is seeking.

It means that at long last the United States, despairing of the United Nations' ability to settle any vital international issue by moral force, has fallen back on its military power as the only possible means of guaranteeing the security of such insecure governments as the republic of Korea.

But these were not part of the change that occurred in the United States on Tuesday. They were the background for the change, which was composed of nationwide adjustment. To the fact that this country again was involved in a shooting war less than five years after the end of World War II.

In Congress, there was prompt agreement to end the delay in extending the Presidential authority to administer a Selective Service law. In every place where people talked together there was spontaneous support for the unexpected reversal of a policy which apparently had called for an abandonment of Korea. The United States with nothing to gain by a soft policy, had gained at least a restoration of its self-respect by adopting a hard policy.

The Soviet Union will not be restrained from aggression by conciliation; that has been tried. It clearly could not be restrained by appeasement; that would be out of the question for the United States in any event.

On the other hand, the Soviet Union is not likely to yield to threats of force. That leaves only one other possibility—that the Soviet Union can be curbed by naked force in its program to destroy every government it cannot control. The line was drawn in Germany during the air lift when the United States risked war to relieve besieged Berlin; and in Greece and Turkey by the Truman doctrine in 1947. It is drawn now on the 38th parallel in Korea and in the United States where prosecution of Communist agents is being undertaken. The important thing is that the issue has been joined.

Actually, the difference between the cold war that has been going on for some three years and the hotter war now going on in Korea is difference of degree, not of kind.

The degree may be increased until the whole world is ablaze. That decision rest with the Kremlin. But the terms now are stiffer and harsher than before. The Kremlin has learned that the United States, which had shown previous signs of wanting to dodge a showdown in Asia, has decided to go at least halfway toward hastening a showdown. The decision to commit this government to the defense of the Korean republic, and Formosa, to strengthen its military forces in the Philippines, to step up its aid to anti-Communist forces in Indo-China and to resist Russian imperialism by law and by force where law is flouted has put a ramrod up the back of every anti-Communist on earth.

Evidence From North Carolina

WHETHER or not time has run out for the Truman administration's political pitch is the foremost question in national politics.

The defeat of Senator Frank P. Graham in North Carolina's runoff primary last Sunday is further evidence that something fundamental has happened since the Presidential election of 1948. Added to the defeat of Senator Claude Pepper of Florida and the trouble other candidates are having with moderates at the polls, the evidence is beginning to look formidable. If a few more administration stalwarts fall by the wayside, it will be obvious that President Truman and his coalition are fighting a trend, not sets of separate and unrelated circumstances.

Senator Graham's successful opponent, Willis Smith, made the assumption in his campaign that a trend existed. He used the slogan: "One down—Pepper. Two to go—Graham." The result confirmed the strategy the handwriting is appearing on the wall for many a candidate who planned to ride the Truman bandwagon. The bandwagon isn't rolling any more.

Land of Korea

By STANLEY JOHNSON

County Always Has Been Strife-Torn

KOREA, a country whose native name means "morning calm," has seen little but strife since its recorded history began in 57 B. C.

The 600-mile long, 135 mile-wide peninsula extends southward from Manchuria between the Yellow Sea and the Sea of Japan to within 120 miles of Japan.

For 2,000 years invaders from the north, east and west have fought for possession of well-watered, temperate Korea, whose fertile fields are protected from Manchurian and Pacific winds by a rugged mountain chain.

Despite these invasions, the Korean people have maintained a physical appearance, a complex language, and customs wholly different from their Chinese, Japanese and northern Asiatic neighbors.

They average five feet, four and one-half inches in height, have dark, straight hair, and slightly upturned eyes.

Korean folklore says the nation owes its birth to a divine being who came to earth in the form of a wind. Only from 57 B. C., however, with the establishment of the kingdom of Silla in South Korea are there accurate records of the country.

INTERNAL WARFARE among Silla and other Korean regimes lasted until the brief Mongol invasion of 1231 A. D.

In 1392 General Yi Taicho drove out Japanese pirates ravaging the east coast and founded the kingdom of Chosen, which included most of the 86,000 square miles of modern Korea.

He made Seoul, still Korea's chief city, his capital.

Pyongyang, today the capital of Communist North Korea, had been the center of Korean civilization up to that time.

The Japanese sent an army of 300,000 to conquer the country in 1902 but were finally routed.

Manchu hordes swept down on the land in 1627, devastating the country.

Korea's modern history begins with an American attack on the country in 1871.

A United States Navy flotilla was sent to open trade between the two countries. Repulsed, the

fleet opened fire, a force was sent ashore and more than 300 Korean soldiers were killed.

Friendly relations were established in 1883 when the United States and Korea signed a mutual aid pact.

The next year an American, Judge O. N. Denny, became advisor to the Korean foreign office. Other foreigners—mostly British and American—gained positions of influence.

EARLY IN 1894 Korea asked China for help in putting down bandits. Japan used this as a pretext to invade the country, claiming that China was taking over. Modern, industrialized Japan won the war.

President Theodore Roosevelt assured the Japanese at the treaty of Portsmouth (N. H.), which ended the Russo-Japanese war of 1904-05 that the U. S. would not object to Japanese rule in Korea.

Japan formally annexed Korea in 1910 and seized land, fisheries, mines, and the personal wealth of Koreans.

More than 1,000,000 fled to try to make a living in Siberia and Manchuria.

The Koreans, spurred by President Wilson's famous 14 points after World War I, proclaimed their independence. The Japanese tortured their leaders to death but others sprang up and formed a secret provisional government in Seoul.

They elected Dr. Syngman Rhee, now president of South Korea, to head the government. He was then in the United States. Rhee had been a pupil of Wilson at Princeton University.

Rhee established a permanent Korean commission at Washington in 1922 and kept up a fight for Korean freedom until World War II ended. Korean independence was an American aim in the war.

Military authorities said that to enable Russian troops from the north and American troops from the south to crush an estimated 178,000 Japanese garrison troops between them, Korea was divided into American and Soviet zones of influence at the 38th parallel.

Traffic Suggestions

To the News: A young lady in my mother's physiology class once responded to the question where is the brain located with the following definition: "The brain is protected by a soft cushion at the base of the spine."

After years of observation, I have been forced to the conclusion that, perhaps, in some instances, Mary was correct. And an added bit of evidence is afforded by the recent attempt to solve Salem's traffic problem on State St.

If the "town-fathers" had asked one of the firemen about attaching a two-inch pipe to a garden hose they would have learned that the flow of water would not be increased by the larger intake.

To widen the area of traffic for one block in a city's street only creates a greater "bottle-neck" at the end of it, besides increasing the hazard. It offers the opportunity for some "moron" to try to pass a car at this point when there is no place to go after doing so.

The traffic of State st. could be very easily solved if the individual (or individuals who thought up this present moronic arrangement) would take a short trip through the country and learn the systems of other cities and towns.

If Pershing and Third, for instance, were made one way streets, and traffic were diverted into them at some point short of the business section, it would not be necessary to chase oneself around four blocks to get into the U. S. Post Office.

Rev. Harry A. Barrett

Regarding the Fieldhouse
To the News: On June 12th there appeared in your paper an article headed "100,000 Available for Fieldhouse Here." Farther on in the article I quote, "The new scheme, backed by the \$100,000 in fund would seem to be Salem's perfect opportunity to get its long-sought gym and also provide an auditorium which is capable of handling large crowds at public meetings."

The building of a fieldhouse and auditorium is certainly a necessity in Salem. However, I feel that if this problem is left to the Board of Education it will be of little benefit to the people of Salem or groups as a whole.

It hasn't been too long ago when they wanted to build a new Salem High School. At that time approximately this same story came out asking the backing of the people of Salem and of civic groups and the people of Salem wholeheartedly cooperated as usual. However, I can well remember the promises that the new gym would be available for public use and on the strength of those promises, much of that project's support was given. We then had shop basketball

teams and other groups who wanted to use the gym which we were told would be free for use. As I well remember on contacting the Board of Education for use of the gym for basketball we were first politely told "no," then later on a rental fee of \$25 was given us. Charging 15 and 25 cents admission to a game it was almost impossible for a team to rent it and make out without dipping in their own pockets. Out of all this jangling came the W. H. Mullins gift to Salem of a fund to create for public use our present-day Memorial Building.

Through coaxing and bargaining it is possible to use Reilly Stadium at a cost of \$100. To me, since we as taxpayers are and were the builders, this seems rather silly. If the Board of Education has a \$100,000 plus the money left from the sale of Columbia Street School building, wouldn't it be a good idea to turn it back and let it be used toward reduction in our present day taxes?

A fieldhouse and auditorium is certainly needed in Salem but I do not believe it should be controlled by the Board of Education. We have a park where there is plenty of space that is free for just that thing. Also there are properties near the Memorial Building where a much needed addition could be added under the capable management of Joe Kelley.

It's the Same Thing, Only Different

U.S. Changes Its Policy In Far East

By DAVID LAWRENCE

WASHINGTON
AMERICA has decided to change its policy in the Far East and not permit Korea or Formosa to be captured by the Communists as was China.

There isn't going to be any world war. The Russians are not likely to back up the North Korean forces to the extent of a large-scale conflict. Their bluff has been called in an area where they thought the United States would be passive. Today's action may have a far-reaching effect in preventing World War III.

For once, the Russians have been caught off guard. The United Nations can act in the Security Council now without any Russian veto because the Soviets have absented themselves from the council on account of the failure of the U.N. to recognize Communist China.

JUST WHY anyone should be surprised that the Communists in Moscow took advantage of America's policy of drifting is a mystery. The whole world acts sur-

prised—as if the doom of Korea wasn't foreseen for a long time as a part of the Washington administration's policy of concentrating on the "cold war" in Europe and taking a chance on what might happen in Asia.

Senator Connally, Democrat, chairman of the Senate Foreign Relations committee, summed up with admirable candor the policy of the United States toward Korea in an interview in the magazine "U.S. News & World Report" in its May 5 issue:

"Do you think," he was asked, "the suggestion that we abandon South Korea is going to be seriously considered?"

"I am afraid," he replied, "it is going to be seriously considered because I'm afraid it's going to happen, whether we want it or not. I'm for Korea. We're trying to help her—we're appropriating money now to help her. But South Korea is cut right across by this line—north of it are the Communists, with access to the mainland—and Russia is over there on the mainland. So that

whenever she takes a notion, she can just overrun Korea just like she probably will overrun Formosa when she gets ready to do it. I hope not, of course."

"But isn't Korea an essential part of the defense strategy?" he was asked.

"No. Of course, any position like that is of some strategic importance. But I don't think it is very greatly important. It has been testified before us that Japan, Okinawa and the Philippines make the chain of defense which is absolutely necessary. And, of course, any additional territory along that area would be that much more, but it's not absolutely essential."

SENATOR CONNALLY doesn't make American foreign policy, but is well informed on the trends. This policy has been in the making for some time. Thus Owen Lattimore, called by Senator McCarthy the "architect of America's Far Eastern policy," urged long ago the scuttling of Korea. In his memorandum of August, 1949, for the State Department's advisory committee, which was made public on April 3 last in the midst of the McCarthy-Lattimore controversy, Mr. Lattimore wrote with reference to Korea:

"South Korea is more of a liability than an asset to the interests and policy of the United States. It is doubtful how long the present regime in South Korea can be kept alive, and mere effort to keep it alive is a bad advertisement, which continually draws attention to a band of little-and-inferior-ChiangKai-Sheks who are the scorn of the Communists and have lost the respect of democratic and would-be democratic groups and movements throughout Asia...."

"The United States should disengage itself as quickly as possible of its entanglements in South Korea."

So the Moscow government has committed another act of aggression. Only last week the Department of State was talking of eventual negotiations with such a government. It ought to be plain now that any further reliance on the Kremlin would be useless.

The Soviets have kept up a program of harassment all over the world. Meanwhile, the United States has done hardly anything to harass the Communists in the satellite states or inside Russia, ignoring the many opportunities for psychological penetration and also allowing the "Voice of America"—the most important instrumentality—to be utilized as a routine news service instead of a crusade of ideas designed to separate the Russian people from their Communist overlords.

Perhaps the Korean episode will sharpen American policy and change it from a passive affair to an active policy of carrying the "cold war" into the areas behind the "iron curtain."

People Who Walk and Talk

NEW YORK
MANHATTAN is the capital city of people who talk to themselves.... They walk along gabbling out loud at a great rate.... Many appear to be out of their minds, but no one bothers them.... What happens to them? Where do they go?...

Passed one on crowded Sixth Avenue the other day.... He was muttering this message over and over: "Get ready, cheap, get ready. You won't be here long."

THE SUMMER dearth in good stories has set in. But with a bow to whomever it belongs to, I'd like to pass along the cutest one I've heard all season:

At a children's party one daring youngster suggested, "Let's play postoffice." The blushing boys and giggling girls all agreed it was a great idea.

The first pair to start the game were shy. So they went into a closet. The rest of the children gathered outside the door. They listened and listened but couldn't hear a sound. After about 15 minutes one child rapped on the door and said:

"What are you doing in there?"
And from inside the closet a muffled small voice shrilled desperately:
"We aren't doing anything. Our braces are hooked!"

A FRIEND OF MINE has a son in nursery school. When his parents set out recently to attend an evening meeting with teachers, he wanted to know why.

"Oh, to learn how to raise you better," he was told.

"Well," said the boy, "try to find out why I'm so afraid of thunder and lightning, will you?"

HOW THE LANGUAGE GROWS note: A movie producer giving his views to a luncheon group: "I'm just thinking out loud.... But my favorite is this mysterious remark overheard in a beauty shop: 'So I told him, 'Listen, wise guy, take your diamond ring out of my new ten cent hair net.'"

A SCIENTIST who has been experimenting with white mice says we could live 70 to 90 years on a diet of milk and nothing else, but are we mice or men?

And if milk is such an aid to longevity, how come more cows aren't drawing old age pensions?

But I hear when the news reached Washington our agricultural economists just shuddered.... all that milk and no potatoes.

Anyway, we'd probably just shift to a milk economy when the cows would go on strike for shorter bottles and longer rest periods.

Well, if we do shift to a milk diet as a nation it will make millions of housewives happy.... They're tired of answering that nightly question, "What's for dinner?"

Eggs Have Wide Variety Of Uses

By GAYNOR MADDOX
EGGS are plentiful. They are a wonderful food, but many of us overlook the great variety of ways they can be prepared. Take a look at these recipes. You'll probably enjoy them very much:

Lemonegg
(For 5 8-ounce glasses)
Four eggs, ½ teaspoon salt, ½ cup sugar, juice of 2 lemons, 3 cups plain or carbonated water and ice.

Beat eggs, salt, sugar and lemon juice thoroughly. Add water and blend. Serve over cracked ice. (The eggs, salt, sugar and lemon juice may be mixed in advance and stored in the refrigerator.)

Deviled Eggs in Tomato Jelly
(Serves 6)

Six deviled eggs, 1 tablespoon gelatin, ¼ cup tomato juice, 1½ cups canned tomatoes, including juice, ½ bay leaf, 1 whole clove, 1 teaspoon sugar, ¼ teaspoon salt, dash paprika, 1 tablespoon vinegar or lemon juice, ½ teaspoon grated onion, ½ cup diced celery or ½ cup finely chopped cabbage.

Prepare the eggs. Soak the gelatin in the cold tomato juice for 5 minutes. Simmer tomatoes, bay leaf and clove for 10 minutes. Remove spices. Add soaked gelatin to the hot tomatoes and stir until gelatin is dissolved. Add sugar, salt, paprika, vinegar and onion. Chill until partially set. Then combine with celery or cabbage. Arrange deviled eggs in a shallow pan or in individual molds and pour gelatin mixture over

them. Chill until set. Serve on lettuce, shredded spinach or over salad greens.

Man-in-the-Moon Eggs

Hard cook eggs. Remove from shell and slice in half. Remove yolk and mix with mayonnaise and pickle relish. Stuff whites and slice in wedges.

Hollinger-Green Vows Heard
In Early Evening Ceremony

IN AN EARLY EVENING CEREMONY Tuesday in the sanctuary of the Presbyterian Church Miss Martha Hollinger exchanged marriage vows with LeRoy Green.

Rev. Harold L. Ogden performed the double-ring service, uniting the daughter of Mr. and Mrs. Leland S. Hollinger of E. State st. and the son of Mrs. Rebecca Green of N. Lincoln ave.

The pre-nuptial organ recital by Miss Anna Cook included the bride's favorite melodies—"Al-ways," "Because," "Through the Years," "Meditation" (Thais), "At Dawning," "Venetian Love Song," "Forever and Ever," "Clair de Lune" and "The Ros-ary."

The traditional wedding marches heralded the bridal party. The selections sung by Robert Tarzan, tenor soloist, prior to the ceremony included "With This Ring I Thee Wed," "I Love Thee" and "The Lord's Prayer."

Mr. Hollinger gave his daughter in marriage in a candlelight-ed chancel setting of cibotium ferns, palms, grape ivy and all-white arrangements of gladioli, lilies and carnations.

An arm bouquet of white roses and stephanotis, showered with stephanotis, complemented the bride's white shawl. Her accessories were navy blue.

Miss Margaret Hollinger, sister of the bride, was maid of honor. With her melon-colored suit of homespun she used white accessories and carried blue delphinium and white carnations.

William Lowry of Salem served Mr. Green as best man. Mrs. Hollinger, brother of the bride, and Roger Buehler, nephew of the groom, were ushers.

For her daughter's wedding Mrs. Hollinger wore summer

pink contrasted with white eye-let embroidery. Her accessories were white as was her carnation corsage.

Mrs. Green chose a dotted frock of navy blue. Her accessories were white and her shoulder flowers were pink carnations. The bride's grandmother, Mrs. B. M. French, also complemented her costume with a pink carnation corsage.

The newlyweds welcomed more than 135 of their friends at a reception in the flower-bedecked chapel. Van Fleet roses and mock orange were used effectively for decoration. Miss Mary Hollinger, another sister of the bride, was in charge of the guest register.

Mrs. Vite Faini served the four-tiered wedding cake. It was encircled with roses and topped with a bridal bow. Miss Elizabeth Dales presided at the punch bowl. Guests were present from Akron, Ravenna, Cleveland, Columbus and Lisbon.

For a honeymoon trip through the southern states Mrs. Green traveled in her wedding suit and wore the corsage from her bridal bouquet. The couple will make their home in an apartment on Martins Drive.

Mr. and Mrs. Green graduated from Salem High School. She is employed by the Fitzpatrick Motor Co. and he by C. B. Hunt and Son, Inc.

Bits Chocolate Cake frosted with marshmallow "daisies" winds up Fourth of July meal with a bang.

The Cookbook

By GAYNOR MADDOX

Chocolate Cake Is Holiday Treat

CELEBRATE the Fourth with a rich chocolate cake to end all chocolate cake arguments. Frost cream icing and decorate with a smooth vanilla butter marshmallow "daisies." Wait until you taste it! It's one of the best recipes in this chocolate-loving world.

Bits Daisy Cake

(Make 3 8-inch layers)

Sift together once and return to

sifter: 1 1/2 cups sifted cake flour, 1 cup sugar, 3/4 teaspoon salt, 3/4 teaspoon baking soda, 1/2 teaspoon baking powder.

In mixing bowl (beater bowl) put 1 package (1 cup) chocolate bits. Pour over chocolate 3/4 cup boiling water. Stir briskly until chocolate is melted and smooth. Blend in 1 teaspoon vanilla.

Sift dry ingredients over chocolate; do not mix. Add to the bowl 1/3 cup vegetable shortening. Beat 2 minutes at medium speed; scrape down bowl. Add to batter 2 eggs, unbeaten 1/3 cup sour milk or buttermilk. Beat again for 2 minutes; scrape down bowl. Bake in three greased and floured pans in moderate oven (350 degrees F.) for 30 to 35 minutes.

When cool, frost top of one layer thickly with a vanilla butter cream icing; sprinkle over the icing 1/4 cup chocolate bits. Cover with second layer of cake and repeat. Cover with third layer and frost sides and top.

If desired frosting may be tinted a pale yellow. To make "daisies," snip fresh marshmallows with scissors into petal shapes; arrange on cake. Make stems with chocolate bits; tinted coconut, or shreds of angelica.

After roasting a duck use the leftover fat to pan-fry meats in a highly-seasoned sauce, or in a savory vegetable dish.

9 Year Old Boy Now Feels Fine

Harold Wood, 2849 Lafayette Ave., St. Louis, Missouri, calls "batter up" and proudly displays his cap, which is an exact replica of the cap worn by the St. Louis Cardinals. Harold is now interested in all kinds of sports and spends most of his time in the healthy out-of-doors. Harold's renewed interest in athletics seemed to start just after he began taking HADACOL. Before taking HADACOL he was sick quite a bit, but now Harold is one of the liveliest youngsters in his neighborhood.

Here is Harold's own statement: "I am 9 years old and I think your HADACOL is very fine. My mother thinks it is so wonderful because before I started taking HADACOL I was very thin and didn't feel like eating at all. After I took two bottles of HADACOL I started gaining weight and Mother says she is never going to let me be without HADACOL again. It gives me such a good appetite and helps me keep away from colds. I started my grandmother and grandfather taking HADACOL and they think it is wonderful too."

Harold was suffering from a deficiency of Vitamins B1, B2, Niacin and Iron which HADACOL contains. HADACOL Helps Build Yes, HADACOL helps build up the hemoglobin content of your blood (where Iron is needed) to carry these precious Vitamins and Minerals to every organ, and every part of your body—to the heart, liver, gall bladder, pancreas, kidneys and lungs, even to the eyes, hair and nails. Countless thousands are benefitting from HADACOL... even hundreds of doctors have recommended HADACOL to their patients.

You'll Feel Wonderful... with the first few bottles of HADACOL you take, or your money back. Accept no substitutes. Insist on genuine HADACOL. Only \$1.25 for Trial size; Large Family or Hospital size, \$3.50.

Sheer chiffon is backed by silk organza to give crisp look to two-piece dress (left). For shirtwaist sheer (right) tweed-printed chiffon is posed over slip covered with matching fabric.

THE LIGHT, soft silhouette of the sheer shirtwaist dress takes on more interest when the fabric used is given crisp handling or printed in unusual patterned effects.

Gossamer silk chiffon, for example, is stiffened by a lining of silk organza to define the silhouette of one trend-setting dress designed by Christian Dior. This two-piece dress has a skirt that follows the straight and narrow line to point up the casual, bloused shirtwaist top with full sleeves which are tightly cuffed above the wrists. Rose chiffon printed with black squares is backed by rose organza. Narrow black piping outlines the pointed collar and front closing as well as breast pockets and the tight cuffs. Cinching in the fullness of the top is a black calfskin belt.

One of the most unusual patterns shown in chiffon is a tweedy print which peps up styling de-

tails for another afternoon shirtwaist sheer. Two layers of chiffon are used here. Beneath the floating, full-skirted dress is a gray silk slip covered with another layer of the chiffon. Raspberry chiffon printed in the same tweed pattern is crushed into a sash. One end of the sash is left free to ripple down the skirt front. A black leather belt worn over the sash provides the sharp contrast needed to accent the misty layers of chiffon.

The 2,500,000 inhabitants of Hainan Island are mostly Chinese.

Kitchen Clinic

Use Grades AA and A in eggs when you are poaching, frying, or cooking them in the shell. Use Grades B and C in egg dishes where appearance and delicate flavor are not all-important.

For a luncheon menu, serve scrambled eggs with a tomato sauce and accompany them with green lima beans. For dessert you might have fresh fruit and cookies or cake squares.

In choosing asparagus look for

stalks with very little white since they are usually more tender. Use asparagus soon after buying it—it toughens rapidly and the heads deteriorate.

Chop preserved ginger fine and add it to cream cheese; mix well and sandwich between slices of thin nut bread. This is good with iced tea for afternoon snacking.

Will Talk To Grangers

Rep. Clarence Wetzel of Lisbon will speak at a meeting of Mt. Nebo Grange Wednesday evening.

The Modern Farm

Worms Harming District Crops

Serious Damage Said To Have Been Done

Army worms are doing serious damage to wheat, barley, corn and timothy in the Salem-Columbiana and in districts east and west of here, Floyd Lower, county extension agent, reported today.

Whole fields of these crops are being destroyed by vast numbers of the worms, Lower said. However, the worms are becoming full grown and it is expected they will disappear in another week or two.

Toxaphene is still the best chemical for spraying or dusting, according to T. H. Parks, Ohio extension entomologist. Chlordane, next preferred, will kill most of the worms. But DDT is not entirely satisfactory, although used in large quantities with a sprayer it wiped out most of the worms. When applied by plane, DDT has not produced results.

OVER 250 FARM Bureau members and their families attended a strawberry festival and dance at Lake Placid, Saturday evening. Strawberries and ice cream were served by a committee from the board of trustees and home and community committee.

Two comic films were shown, square dancing was enjoyed and music was furnished by the Humphries brothers and their orchestra of New Garden. Leonard Lowmiller of near Minerva is president of the Farm Bureau and Mrs. R. L. Todd of R. D. 2, Leetonia, is chairman of the home and community committee.

EARL VOELLER, dairy extension specialist, says that some 67 hundred 4-H boys and girls did dairy project work in Ohio last year. Enrollment is expected to be even higher this year.

The work develops character and understanding among the young people, teaches them to assume responsibility individually along with the value of combined effort, promotes interest in farming and demonstrates the value of good cattle and good management.

Youngsters learn to select a good calf, raise the calf to a heifer, and finally a producing cow. Along with the work they learn disease control. The keeping of accurate records also is one of the most important lessons of club work.

THERE'S GOLD in them there woods!

Forest Dean, extension forester, reports that local sawmills producing home grown lumber are humming louder and longer than at any time since the recent war.

Heavy demands for home building and other construction make the farm woods an increasingly profitable part of the farm business. A well-managed woods will bring the farmer a yearly harvest profit of \$4.50 to \$5 per acre. Increasing demand has pushed stumpage prices up also. Dean says that in some areas the increase has been \$15 to \$20 per thousand.

Dean points out that 15 percent of Ohio farm acreage is in woods. That means nearly 145,000 farms have a woods. Some 70 percent of Ohio's total timber acreage is right on the farm.

THE 30TH ANNUAL poultry day will go into session at the Wooster experiment station Thursday at 10. It is scheduled as an all-day affair, lunch to be served on the grounds.

Cheese Stacks, Pinwheels For Canape Tray

Easy-to-do Tidbits delight the guest

ENTERTAINING the bride-to-be? Or are you the new bride herself, having her first company? In either situation, remember that foods can set the party pattern. Have it good to eat and easy to get at and your guests can relax and be merry.

Many hostesses find that a canape tray fits these requirements — especially when the guests are many and the space is limited. An appealing array of canapes can have variety and still require a minimum of preparation time.

The secret is to concentrate your fanciest design in the middle of the tray for star attraction. Don't put all you make out at once—save some of these special ones for refills. This chef's touch can be clever cheese stacks.

For the rest of the tray have an assortment of tasty morsels

that belie how quickly you can make them. Try pinwheels for one. Easy-to-do tidbits for filling out a canape tray are olives stuffed with sticks of chateau cheese and rounds of melba toast topped with slices of pippin roll.

Cheese Stacks

Soften very-sharp cheese at room temperature. Add enough milk, about 2 to 3 T, to give good spreading consistency. Allow one slice of bread for each sandwich desired, cut two 2-inch circles from each slice of bread. Spread butter on remaining rounds of bread. Put two rounds of bread together, sandwich fashion with butter on top. Cut cucumber slices the width of bread; lightly spread with mayonnaise; place on top of buttered bread. Arrange thin slices of radishes on top of cucumber. Garnish with sieved hard-cooked egg yolk.

Ham, Cheese Pinwheels

5 slices boiled ham
2 (3-oz.) pkgs. cream cheese
1 (5-oz.) jar blue cheese cocktail spread

Soften cream cheese and blue cheese cocktail spread at room temperature. Beat cream cheese until smooth and fluffy. Gradually beat in blue cheese cocktail spread. Stir in onion juice. Divide into five portions. Spread each portion on a slice of ham; roll each tightly, jellyroll fashion. Wrap in waxed paper or aluminum foil. Chill in refrigerator until firm enough to slice smoothly, about four to six hours. Rolls may be prepared the night before and stored in the refrigerator until ready to use. Just before serving, slice rolls into 3/4-inch thick pinwheels. Will make 30 sandwiches.

Phone Company Head Gives Talk

C. Of C. Also Hears Football Coaches

LEETONIA, June 28 — Carl Willman spoke on the organization and application of the telephone company's operations at the Chamber of Commerce meeting Monday evening at the Crescent Stables.

Mr. Willman, commercial manager of the Ohio Bell office in Salem, also showed a film on the new relay system for radio and television. Rex Hundertmark, program chairman, introduced the speaker.

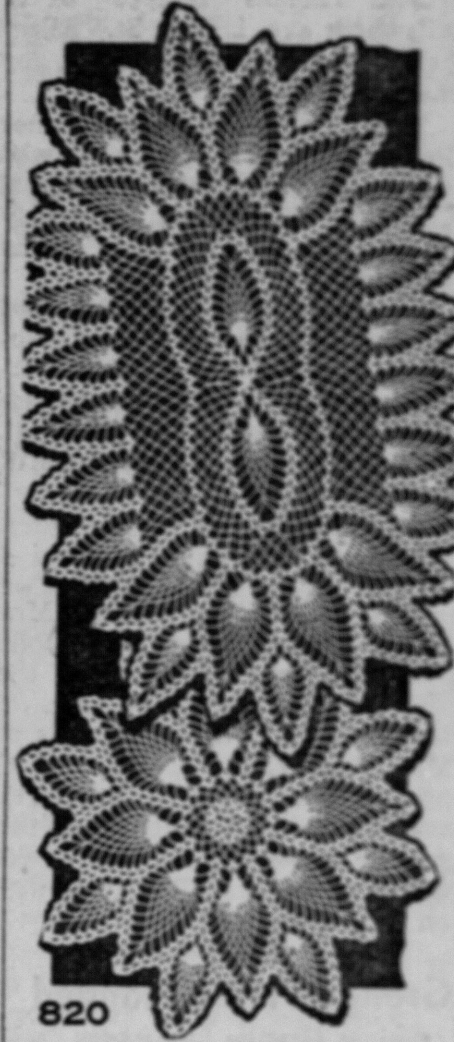

Special guests at the meeting were the new athletic coaches of Leetonia High School—Robert Gibson and Joe Bernard, Jr. Gibson, head coach, and his assistant spoke briefly on their plans for the football season.

The Chamber voted to underwrite expenses of the free swimming sessions for Leetonia children. The children will have a period each Thursday throughout the summer at the Firestone Park pool, Columbiana. The program has been in operation for three weeks and 235 children have taken part in the sessions.

Tom Little, chamber president, said the organization will sponsor a community picnic Aug. 24 at Firestone Park. The invitation was issued by park authorities for a picnic to be held at the end of the swimming season. The retail committee of the Chamber made the proposal at the meeting.

Henry Nemenz and J. A. Lipert head the retail group. Following the passage of the proposal by the Chamber, the program and entertainment committee was named to make all arrangements for the event. Dave

YESTERDAY'S STARS. Batting: Dick Sisler, (Phils) two run home in seventh brought defeat to Braves, 3-2, and gave Phils first place in National League. Pitching: Ted Gray, (Tigers) checked White Sox on five hits, 9-3 to pick up ninth victory, most on Detroit staff.

Jots and Dots

By HUGH FULLERTON JR.
VINCENT RICHARDS, who might claim to be the Olympic tennis champion because nobody has won the title since he died in 1924, would like to see tennis restored to the Olympic program... now a 48-year-old, slightly pudgy executive, Vinnie has been trying to promote the professional game and has found it rather rough going. After a lengthy and inconvenient delay, Lehigh University's new \$800,000 gymnasium was completed this spring and the keys were turned over to the president, Dr. Martin D. Whit-

aker, with appropriate ceremonies. Hank Gowdy, who is filling in for Joe Vosmik as Oklahoma City manager, is being eyed by Ohio State as a possible new baseball coach... Tony Canadeo, the Green Bay Packers back, is being urged to copy Vern Lewellen, and run for office. He may file as candidate for sheriff. Mike Jacobs, looking sprightly and happy, made one of his rare public appearances at the press luncheon for Tiberio Mitri Monday... Gene Eyer, young Oleander golfer who won the medal in the eastern interscholastic tourney playing for Trinity-Pawling prep, has enrolled at Sewanee because of year-round golfing weather. Daily Dozen

By BOB DIXON
BASEBALL prognosticators have a rough time of it, particularly in the case of the Cleveland Indians.
• It was only back in spring training that the Forest City scribes were doping out how the Tribe could possibly win the pennant.
• Some of their theories have been blown to bits in the last few months.
• They said the Indians wouldn't have a chance unless Boudreau, Gordon and Keltner returned to their 1948 form. They also thought that Feller would have to win as of old.
• Of the quartet, only Rapid Robert is approaching winning form. Gordon and Boudreau, once termed the best second base combination in the game, are riding the bench.
• Keltner is long gone, having been released by both the Tribe and the Red Sox, where he enjoyed a short stay of execution.

Polo Matches Scheduled

Cleveland and Salem polo teams will compete in horsemanship and skill at the North Ellsworth field Sunday, July 2 and Tuesday, July 4.
The teams appear to be well matched, judging from their respective record of wins and losses. The Clevelanders will bring 14 horses to Salem.
Cleveland will be represented by Jimmy Barr, Dick Knepper, Jack Hartman, Bob Green, Roy Fryan; Salem by Willy Smith, Jim Pidgeon, Tony Sheen, Jim Everett and Hal Everett.

Louis Settles Love Suit

CHICAGO, June 29 — (AP)—A minister's \$500,000 love theft suit against ex-heavyweight champion Joe Louis has been dropped.
Lawyers for Louis and Rev. Matthew C. Faulkner, 33, Negro, announced that terms of an out-of-court settlement would not be revealed. The former Atlanta pastor charged the boxer stole the love of his wife, a New York model, the former Mattie Carole Drake. He has filed suit for divorce, naming Louis as co-respondent.

Bliss Team Will Play Sharon Outfit Tonight

Bliss, leading softball team in the city's Class AA League, will play the Benny Jones-Monaco's of Sharon at 8:30 tonight at West End Park. Bliss will be out to avenge a 4-1 defeat at the hands of the same team at Sharon early this month.
The Monaco outfit won the Shenango Valley Softball Championship last year.

Amvet Girls Team Beats Leetonia In 24-15 Game

The girls softball game between the Amvets and Leetonia must have set some kind of record Tuesday evening at Chisholm's field — 39 runs were scored, 29 hits were rapped out and 20 mis-cues were recorded. The Amvets who had 11 errors, won 24-15.
Pitcher Crawford of Leetonia hit a grand slam blast in the seventh inning to lead a 10-run rally for the losers. Hurler McKenna of the Amvets led her team by scoring four runs.
S. S. Sunoco will play Home-worth Wednesday evening at the field.

Indians Lose To Browns 4-3

Widmar Holds Tribe To 5 Hits

Phillies Take Lead In National League Race

BASEBALL Head to come 6... ST. LOUIS, June 28 — (AP)—Maybe it was the stars, or the moon. At any rate, Bob Feller will have to wait another day to win his 200th victory.
The big Cleveland right-hander apparently just didn't have it last night, issuing nine hits, two of them homers, as the seventh place St. Louis Browns won a 4-3 decision.
Although Feller wasn't at his best, the Tribesmen still might have won if it hadn't been for Al Widmar. A former Cleveland sandlotter, Widmar held the Indians to five safeties, all singles except Bob Kennedy's two doubles.

The Browns got their runs off a two-run homer by Dick Kokos in the fourth and a duplicate by Don Lenhardt in the seventh.
The loss cost the Tribesmen another full game in their chase of front-running Detroit. They now trail the Tigers by 7 games and New York by 2½.

STOUT STEVE O'NEILL has plenty to smile about today. He is the only big league manager with an unsullied slate. Since he took over the management of the Red Sox Friday he hasn't tasted defeat. Boston has turned in five straight victories, all on the road.
O'Neill had to wait until the 11th inning last night to see his team defeat the Philadelphia Athletics, 7-5.
Ted Williams sparked the Red Sox' 16-hit attack, knocking in two runs on three hits, his 22nd home run and two doubles.
The Detroit Tigers rallied for five runs in the sixth inning to defeat the Chicago White Sox, 9-3. The second place New York Yankees, beaten by Washington's Senators, 4-3 in 12 innings, fell 4½ games behind.

THE PHILADELPHIA PHILLIES took over first place in the National League race, replacing Brooklyn which dropped to third. A seventh inning two-run homer by Dick Sisler earned the Phils a 3-2 triumph over Boston and gave them a .003 percentage point lead on the St. Louis Cardinals. The Redbirds thrashed the Chicago Cubs in both ends of an afternoon doubleheader, 3-2 and 4-1.
The Dodgers fell two notches in absorbing a 10-3 lacing by the New York Giants.

Floridian Paces 322 In Senior Golf Tilt

RYE, N. Y., June 28 — (AP)—Alfred C. Ulmer of Jacksonville, Fla., and 322 pursuers played the second and final round today in the National Seniors golf tournament.
This is a 36-hole, two-day affair played on two courses—at 71-par Blind Brook and 72-par Apawamis. There are five classes, comprising various age groups from 55 up. They play 18 holes each day and switch courses the second day.
Ulmer, a 63-year-old real estate and insurance executive, led the first round with a two-under-par 69 Tuesday at Blind Brook.
Defending champion Joe Wells of East Liverpool, shot a 75 which tied him for third place with Frank R. Ryan, New York.

Fisher's News Wins In One-Hit Contest

A one-hit shutout was hurled in the Class A League and a two-hitter was pitched in the Class AA League at West End Park Tuesday night.
Wayne "Muscles" Russell yielded only two singles, which came in the fourth frame, as he pitched the Bliss to an 11-2 victory over the V.F.W. in the Class AA League. He received the nine-hit support of his teammates in a game that ended after five innings. It was Bliss' ninth win against one loss.

PGA Victory Goes To Harper

Virginian Gets \$3,500, Prize For Scioto Win

COLUMBUS, June 28 — (AP)—The state of Virginia can continue in a state of elation.
Long used to crowing about its home-bred hill-billy golf champion, Sam Snead, from Hot Springs, it now has Chandler Harper, too.
Harper of the Portsmouth Harpers, won the national PGA title yesterday. He defeated Hank Williams of Secane, Pa., 4 and 3, in the 36-hole finale.
Harper succeeded Snead as PGA king. At 36 he became the oldest player to grab the crown since Jock Hutchison won in 1920 at the same age.
Harper picked up \$3,500 for winning. His only tournament victory before was the 1950 Tucson open. In five previous attempts in the national PGA, he never emerged beyond the third round.

His game, built around wizardry on the greens with a 10-year-old hickory-shaft putter, was solid as he paraded through Fred Annon, Dick Metz, Bob Toski, Lloyd Mangrum, Jimmy Demaret and Williams to the championship.

Stuart Of Mudhens Pitches No-Hit Game

TOLEDO, June 28 — (AP)—Skinny Marlin Stuart of the Toledo Mudhens had a membership in baseball's most exclusive organization today. He pitched a perfect game.
The 31-year-old right-hander from Paragould, Ark., reached the goal when the last place Mudhens beat the front-running Milwaukee Millers, 1-0, last night.
Only one other perfect game is listed in the records of the American Association. Carl DeRose got that on June 26, 1947, when he hurled Kansas City to victory over Minneapolis.
Stuart had pitched five one-hitters in his career but this was his first no-hitter.
He faced the regulation 27 men and issued no walks while his mates played errorless ball in support. He struck out three. The infield made 18 put-outs, the outfield 4.

\$10,000 STAKE TONIGHT
LAUREL, Md., June 28 — (AP)—Nine three-year-old trotters are scheduled to go to the post at Laurel Raceway tonight for the \$10,000 Diamondback stake, the first real test for eligibles to the prized Hambletonian.

CONSISTENT STEALER

Johnny Wyrostek's stolen base totals during the last four years undoubtedly are the most consistent in baseball. The Cincinnati outfielder swiped exactly seven bases during each of the last four seasons, in 1946 and 1947 with the Phils and the last two campaigns with the Reds.

Knights Templar Officers Seated

Alliance Official
Conducts Ceremony

Past Commander Merle W. Messenheimer of Alliance commandery pledged the new officers of Salem commandery, Knights Templar, in an impressive ceremony Tuesday evening in the Masonic Temple. G. F. Mason, superintendent of the Fairmount Children's Home was inducted as commander, succeeding J. F. Bryan.

Concluding the induction, Past Commander Messenheimer said, "May you have the serenity to accept that which you cannot change, the courage to change that which you cannot accept and the wisdom to know the difference."

Harold Babb, past commander of Salem commandery, was installing-marshal and Rev. Vernon Martin, commander of Alliance commandery, was prelate for the rites, both representing the grand lodge in these posts.

William Weida of Canton, talented vocalist, was soloist for the installation. He sang "The Old Rugged Cross" and "Sweet Hour of Prayer" during a drill in the prelude. His other solos were "Open The Gates of the Temple,"

THE FUTURE SPEEDS PAST THE PAST—Vivid contrast in farming methods is illustrated in this picture showing a whole trainload of new mechanical ballers leaving New Holland, Pa., and passing fields being tilled by farmers using old-fashioned horse-drawn implements. Scene is in Lancaster County where many of the lush farms belong to members of the Amish and Mennonite sects, many of whom have an aversion to modern machinery.

"The Blind Plowman" and "The Lord's Prayer." Mrs. Harold Babb was his accompanist.

A. H. Schropp, recorder, was installed for the 17th time. He was commended by Mr. Messenheimer. Henry T. Dawes and Charles D. Wernet, are generalissimo and captain general, respectively. Other officers are:

Prelate, M. A. Kelly; senior warden, Perry J. Robb; junior warden, Wayne L. Brown; treasurer, Earl C. Wang; standard bearer, Charles L. Berg; sword bearer, C. Lewis Brown; warden, Clyde Dickson; sentinel, Carl Clay; trustee, J. F. Bryan; representative on temple board, Mr. Robb.

There were six past commanders present, Mr. Bryan, Mr. Robb, F. J. Eckstein, Mr. Schropp, Mr. Wernet and George Mountford. Three in the company, Messrs. Bryan, Schropp and Messenheimer, have the distinction of the title, Knight of the York Cross of Honor. This means that they have

filled all the offices in the Blue lodge, council, chapter and commandery. Two other commandery members who have this title, M. A. Kelly and Earl Wang, were not present.

Among the visitors were Guy Horn of near Little Washington, Pa., a college friend of Mr. Mason, and his daughter, Mrs. William Stephenson of Akron; Mr. and Mrs. Harry Weida and Mr. and Mrs. Richard Cross of Cleveland and Mrs. William Weida of Canton. Others were from nearby towns.

Robert Warren, Robert Faber and Earl Day composed the lunch committee. The men were assisted by Mrs. John Wilkinson, Mrs. Bryan and Mrs. Warren.

Parking Lots Urged

Curtis Vaughan, council president, said the safety-service director has been informed the cut-off, which will run south of the railroad tracks on the Lisbon rd., is expected to reduce the number of trucks through Salem from 25 to 40 per cent.

A recommendation was made by Mr. Bowman that a bond issue be submitted for purchasing municipal parking lots. Acquisition of the lots was discussed.

A petition by S. Broadway merchants was presented, asking that a 120-day-delay be given them on the parallel parking proposal to obtain parking facilities for their customers.

Mayor Vincent reported he received notice from state officials that steps for taking a traffic survey of Salem are underway.

Could Call 600,000

WASHINGTON, June 28 (AP)—Congressional authorities estimated today that the one-year draft extension would allow President Truman to call up well over 600,000 additional men for duty if necessary.

They based the estimate on a top limit of 2,005,882 listed by the senate-house conference committee in granting authority to call for draftees, National Guardsmen and other reserves.

A report by the senate armed services committee listed present strength for the Army, Navy and Air Force at 1,370,000 or 635,882 below authorized strength of the three major services.

Tank Thrusts Topple Seoul

Machines Russian Built, Is Claim

WASHINGTON, June 27—(AP)—A Pentagon spokesman said Seoul apparently was captured by two North Korean thrusts spearheaded by about 100 tanks.

Late reports identified some of these tanks as Russian manufactured T-34s—identified as 35-ton tanks mounting 76-mm. of 88-mm. guns.

Other North Korean armor has been identified as Russian-built T-70s—12-ton tanks mounting lighter guns.

An air force said that U.S. fighters operating from Japanese bases had destroyed eight North Korean planes, and that another was knocked down by a South Korean Mustang pilot.

The air force announcement said also there had been no U.S. losses throughout last midnight, Korean time.

(Presumably the air force referred to combat losses. Tokyo dispatches mentioned loss of two U.S. planes through crashes.)

Swift jets and light bombers were thrown into the battle on the orders of President Truman to save the young South Korean republic from being overrun by the Russian armed northern forces.

An earlier statement from headquarters said an undetermined number of these sky raiders from Japan had loosed 500-pound bombs on Communist targets in bombing and strafing missions. The jets carry two of the 500-pounders on bombing missions.

The later summary made no further mention of aerial attacks.

President Truman ordered various U. S. naval units based in Japan to go into action south of the 38th parallel, the line which divides the South from the Communist North. Aerial operations also are restricted to the area south of this line.

Kim Yong Ju, Korean minister to Tokyo, said that the northeners had made a new landing on the southeast coast.

Pilots

(Continued from Page 1)

and with two short bursts sent two of them down.

"I don't think they saw us," he grinned, discussing with crew chief, Sgt. Jim Brothers of Elizabeth City, North Carolina, the possibility of painting two Red stars on the fuselage of his dead-ly F-80.

Another Yak went down today before the guns of Jet Pilots Captain Ray Schillereff, 33, of Seattle, and his wingman, 1st Lt. Robert H. Dewald, 25, of Atlanta, Ga. None of the jet pilots interviewed seemed particularly disturbed about being the first Americans in the Far East to shoot down Communist warplanes.

Pilots of the Mustang fighter planes were not available for interviews.

EMPLOYEES TREATED

LISBON, June 28—County Treasurer Vincent C. Judge treated his office force employees to a party Tuesday evening on the lawn of his home, W. Lincoln Way.

Lions Club Installs Officers At Meeting

President Donald Cannon headed the list of nine Lion Club officers installed last night at the Metzger Hotel. Other new officers are:

Vice presidents, Leo Beall, Frank Mounier and Charles Leach; lion tamer, John Fithian; tail twister, Robert Zarbaugh, and directors, Howard Schaeffer, Merle Miller and Lawrence Logue. Maurice Gilbert of Ash-tabula, governor-elect of the 13th District, was the installing officer.

Robert Conroy of Mullins Manufacturing Corp. spoke on Americanism. Rex Hundertmark introduced the speaker.

Retiring President William Blount was given the past president's pin by Gilbert, and Cloyd Reynard presented perfect attendance pins to eight members. John Sinclair of Youngstown, pantomime artist, entertained the 58 people attending. Ladies night was observed.

Talk On Latin America Presented To Rotary

Guy Hoover, dean of boys and professor of Latin American history at Alliance High School spoke on "Latin America, Yesterday, Today, and Tomorrow" when he appeared at the Rotary Club meeting Tuesday noon at the Memorial building. Thomas Purviance, program chairman, introduced the speaker.

Andrew MacLeod, who recently returned from the Rotary International convention in Detroit, reported on convention activities. Incoming president Irving Hine was presented the president's gavel by William Sponseller, retiring head of the organization.

Hoover Says Unity Necessary In Crisis

NEW YORK, June 28—(AP)—Former President Herbert Hoover said today the United States must have "unity of purpose and action" in the Korean situation.

"When the United States draws the sword, there is only one course for our people," he said. "Like others, I have opposed many of our foreign policies, but now is not the time to argue origins, mistakes, responsibilities or consequences. There is only one way out of such situations as this: that is to win. To win, we must have unity of purpose and action."

County Coroner Rules Drowning Accidental

County Coroner Ernest Sturgis of East Liverpool has returned a verdict of accidental death in the drowning of Richard Earl, 12, in Firestone Park pool Sunday evening.

The boy was accompanied to the park by his foster mother, Mrs. William Lottman of 413 Aetna st. She did not see him come from the dressing room and enter the pool. No outcry to attract the attention of other bathers was heard.

Mercury Drops To 39 Here During Night

The mercury in the Salem area dropped to 39 degrees last night, reaching a high of 72 for the 24-hour period.

Youngstown and Canton reported lows in the upper forties. Scattered showers and thunderstorms are expected to hit Ohio tonight and early tomorrow, the weatherman said.

Dr. Sander Wins Back His Medical License

"CONCORD, N. H., June 28—(AP)—Dr. Hermann N. Sander, country physician, today won back from the state board of registration in medicine his right to practice.

The board restored his license to practice, which it had suspended after he was acquitted March 9 of a murder charge in the death of a dying cancer patient.

YOUTH FATALLY INJURED

LIMA, June 28—(AP)—An automobile-bicycle collision Tuesday fatally injured Philip Halker, 9-year-old son of Mr. and Mrs. Albert F. Halker.

Keener Uses 'Copter In Fund Campaign

Sam Keener, Columbiana county chairman of the Republican campaign fund committee, took to the air yesterday.

By helicopter he visited six towns to appoint and meet local chairmen.

Pilot Bruce Jones of Palo Alto, Ellwood Broadwater, and Mr. Keener, took off from a lot near Mr. Keener's home early Tuesday morning.

They landed at the Kelly field in Lisbon and talked with Attorney Lynn Riddle. Landing at the Vodyre ball field in East Liverpool, Mr. Keener talked with Robert Hays.

The helicopter next sat down near the community swimming pool in East Palestine where Paul Merwin, mayor and newspaper editor, was appointed to head the drive.

A vacant lot in the Columbiana residential section was the next stop. There Russell Barrow was chosen to make drive arrangements.

In Leetonia the plane landed near the freight station where Mr. Keener and Thomas Little, jeweler and president of the Chamber of Commerce, conferred. Returning to Salem, the helicopter landed on a small lot in back of the Salem Engineering company offices.

Curtis Vaughan, president of city council, is chairman for this area.

"These Changing Times"

The adage, "Time Changes Everything," is only partly
true. Tis true, the seasons wax and wane; governments come and
go; dynasties rise and fall, and age brings wrinkles to smooth, un-
worried faces.

But time cannot change intangibles. Among these might be
mentioned business integrity, service beyond necessity,
excellence of craftsmanship and intrinsic worth of product.

Business houses' ideals live on through the years. Offering
these intangible values these firms have grown slowly and securely
for many years.

THE HOSE HEADED FOR HADES—Whooping it up at a mud-pie party on a vacant lot in Washington, D. C., these kiddies had a strange tussle with a garden hose that insisted on going underground. Jammed in a hole and turned on, the hose was caught in its own suction and just kept digging. Unable to pull it out, one of the four-year-olds ran to tell his mother, "The Devil's got it." After police and photographers tried, two husky men were able to out-pull "The Devil."

Defenses Strong, Johnson Declares

WASHINGTON, June 28—(AP)—Secretary of Defense Johnson said today that national defense is stronger than ever before in our peacetime history.

He declared the country is spending more on preparedness and at the same time getting more for its money than ever before.

"Next year we will get even more by way of preparedness out of every dollar appropriated than we are getting now," he added in a speech prepared for delivery to the Reserve Officers Association.

The defense chief advocated

parity between the armed services in the procurement and training of junior officers for the reserve and regular establishments.

He expressed hope that rights and privileges now available in the Navy will be extended to the Army and Air Force as well.

Leetonia

Rev. Kenneth E. Birney, who has served as pastor of the First Methodist Church at Leetonia and the Robbins Memorial Methodist Church at Washingtonville for the past five years, has been reassigned to these charges for next year. At the closing session of the Northeastern Ohio Conference at Lakeside, Monday,

Rev. and Mrs. Birney and fam-

ily were at Lakeside the past week. Merle Davis, who was lay delegate from the Leetonia church, was accompanied by Mrs. Davis, his daughters, Miriam and Cynthia, and his father, Glenn Davis.

PETE MUMFIRE of Columbiana was fined \$10 and costs in Mayor Fred W. Galley's court Monday evening for disorderly conduct. Wayne Anthony Filler of 387 E. Sixth st., Salem, was fined \$10 and costs in the same court for running past a watchman at the Chestnut street railroad crossing while he was flagging the crossing. Mrs. Ewing Holloway of R. D. 1, Leetonia, was also brought before the court on a similar charge, but the case was dismissed.

Leetonia Briefs

The Women's Society of Christian Service of the Methodist Church was entertained at the home of Mrs. Harry D. Arnold Tuesday evening, with Mrs. A. Crawford and Mrs. Mary Hisher associate hostesses.

Rev. and Mrs. Clifford M. Farmer left Tuesday for Carmi, Ill., where Rev. Farmer has accepted the pastorate of the Reformed and Evangelical Church.

Lt. Col. Harold A. Conrad, chief surgeon at Valley Forge Hospital, was promoted to the rank of full colonel. Since the Valley Forge Hospital has been ordered closed, Col. Conrad will be transferred to Ft. Belvoir, Va., where he will be chief of surgery. He is the son of Mrs. Nellie Conrad.

George Hall has entered the Salem City Hospital for surgical treatment.

Twelve million gallons of orange juice were frozen in 1948-49 compared to 266,000 gallons in the 1945-46 season.

Kiwanis Honors Dr. Bookwalter

Physician Presented Plaque at Dinner

COLUMBIANA, June 28—Dr. Harry Bookwalter, dean of Columbiana physicians, was honored Monday evening by the Kiwanis Club for having rounded out 50 years of service in the practice of medicine and surgery in Columbiana.

The recognition was in connection with the observance of ladies' night at the Presbyterian Church by the club, with 100 in attendance. Dinner was served by ladies of the church.

Dr. C. W. Dowalt spoke in recognition of Dr. Bookwalter's years of service here and presented him with a bronze plaque and Mrs. Bookwalter with an orchid. Dr. Bookwalter expressed his appreciation.

Rev. Louis J. Raymond of the North Jackson Federated Church offered the invocation. Edward A. Wright, humorist, director of drama at Denison University, Granville, was the speaker of the evening.

Music was by the Stealers' quartet, Jack Martin, James Doyle, Andrew Kraike and Gwyn Lewis, of Youngstown, accompanied by Lillian B. Stambaugh, William B. Longshore, Kiwanis president, introduced special guests, including Dr. Lee Bookwalter, who is associated in practice with his father, Mrs. Lee Bookwalter, and Attorney Elmer Bookwalter, another son, of Detroit.

Dr. Bookwalter has been active in civic affairs in Columbiana, having served two terms as mayor, beginning about 40 years ago, and was largely instrumental in getting the sewerage system installed in 1912.

He has also served as president of the Columbiana County Medical Association and has been prominent on the staff of Salem City Hospital. He is a charter member of the Columbiana Kiwanis Club.

NEW OFFICERS for the ensuing 12 months were installed at the meeting of the Rotary Club Monday evening. They are: President, Allen T. White; vice president, Dr. K. P. Murphy; secretary, Fred Detweiler; treasurer, James Sittler.

Dr. T. A. King, program chairman, presented the ladies of the Philo Class of the Methodist Church, who repeated the minstrel show given at the recent father and son banquet at the church.

FIRESTONE American Legion Post installed officers at its meeting Monday evening for the next 12 months. They are:

Commander, Waldo Schlag; vice commander, Ellis Ritchie; adjutant, William Keller; financial secretary, Paul Reeves; treasurer, George Seederly; sergeant-at-arms, David Bevan; chaplain, Robert Segeman; historian, Hal Johnson; trustees, World War I, Thomas Snyder and Russell Beck; trustees, World War II, George Hart and Fred Fritsch.

Delegates elected for the state convention in Cleveland are Waldo Schlag, Ellis Ritchie, Marcus Hum. Alternates chosen are Hal Johnson, Herbert Souder, Norman Pregner, Sr.

MRS. THERESA FRANK, 321 Spruce street, announces the forthcoming marriage of her daughter, Mrs. Josephine Thompson, to Raymond Longbottom, son of Mr. and Mrs. Emmet Longbottom, of Washingtonville. The marriage will take place in an open-church service in First Methodist Church at 7 p. m. Friday.

Following the ceremony, a reception will be held at the home of the groom's parents in Washingtonville.
